

Interested in a challenging, fulfilling career with lots of growth potential? Caltrans is seeking a dedicated and knowledgeable **Revegetation Specialist** to join our team in Northern California. This role is essential in developing and implementing project-specific revegetation plans that comply with regulatory permits and address environmental impacts arising from Caltrans projects across various habitats. Caltrans North Region Environmental covers 22 counties and encompasses 10 different ecoregions. At Caltrans, you'll play a pivotal role in preserving and enhancing California's natural environments while contributing to projects that support the state's infrastructure and communities. This is your opportunity to make a meaningful environmental impact and grow your career within a supportive and dynamic organization!

Please go to CalCareers website for duty statement and how to apply.
