

The Davis Rewilding Society: Lessons learned from a native plant student organization

Who are we?

Student Organization on the UC Davis campus

Founded by 3 students in fall of 2021, expended our scope over time

What we do?

Create community around conservation and restoration

Plant Native Plants Across Campus

Organize field trips to natural areas

Tri Co-ops Project

- funded through
SLLC Green
Fellowship Grant

April 2022 - dominated
by *Hordeum marinum*
and *Bromus diandrus*,
deep thatch layer

Tri Co-ops Project

- funded through
SLLC Green
Fellowship Grant

April 2023 - perennials
growing in, abundant
E. californica and
Lupinus microcarpus
filling in space

If you plant it - they will come

Bombus crotchii

Halictus farinosus

Eucerini sp.

Field Trips

Thank you!
